

Longmont HSE Orientation

Nexus Controls a Baker Hughes Business

Welcome to Nexus Controls Longmont Colorado!

We want your visit to be safe and productive. Please follow the facility's rules and procedures in this presentation. If you have any questions concerning these requirements during your visit, contact your NC Host or the HSE Manager.

Nexus Controls is an OSHA VPP STAR worksite and our employees are dedicated to assuring the health & safety of everyone on site. OSHA VPP recognizes and creates partnerships with worksites, such as ours, that demonstrate excellence in occupational safety and health performance.

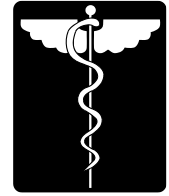

General Safety Rules

- ★ Display BH/Visitor badge at all times. Return visitor badges and sign out upon leaving the facility.
- ★ Safety glasses with side shields must be worn in all supply chain areas (and other areas as required).
- ★ Steel-toed safety shoes must be worn in all supply chain (non-office) areas. The exception is that closed-toed shoes can be worn in clearly marked designated aisle ways.
- ★ Shorts and Sleeveless Shirts are not permitted to be worn while in all Supply Chain areas.
- ★ Smoking is not permitted in the facility. Your host can direct you to one of the designated outside smoking areas if needed. These are located on the northwest and southeast corners of the building.
- ★ Additional HSE and Security rules and procedures may apply based on your activities at the facility.
- ★ Parking areas surround the facility. Access to the parking lot is via Nelson RD, or Sunset St. Maintain your speed to 10 MPH or less.
- ★ All visitors are required park so that when leaving the facility their first move is forward. This means backing into the parking spots next to the building or pulling through the ones in the middle

In Case of EMERGENCY

- ★ For minor injuries that require First Aid, ask your host contact an ERT member for treatment. All injuries and safety incidents must be reported to your NC contact.
- ★ For medical, fire and other emergencies Dial 2811 to page the Emergency Response Team (ERT). **THIS IS A PAGE # AND YOU WILL NEED TO ANNOUNCE WHERE THE EMERGENCY HAS OCCURRED IN THE FACILITY.**
- ★ If Outside Emergency help is needed call Dial 911
- ★ **SEVERE WEATHER/TORNADO:** If severe weather threatens the facility and you are instructed to report to the tornado/severe weather shelter, promptly move to the interior of the building and make your way to the Steamboat CR/Library area located in the Southeast office area of the facility.

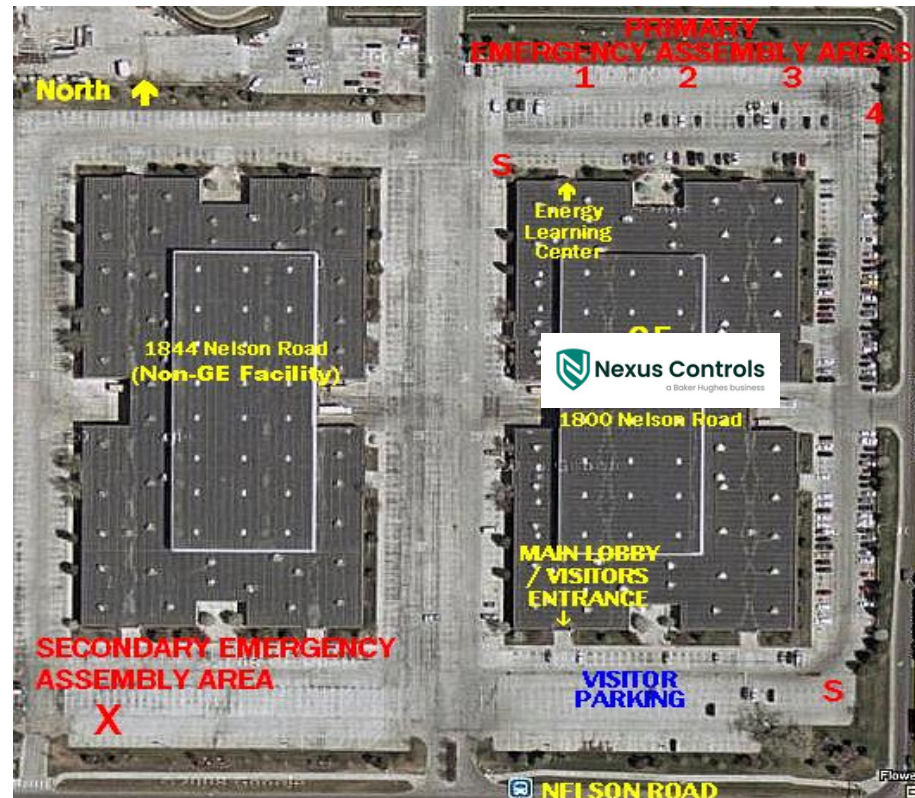

EVACUATION

- ★ If the fire alarm system is activated or an announcement is made over the PA system to evacuate the building, evacuate immediately by the nearest exit and proceed to the Primary Emergency Assembly Areas at the North end of the facility.

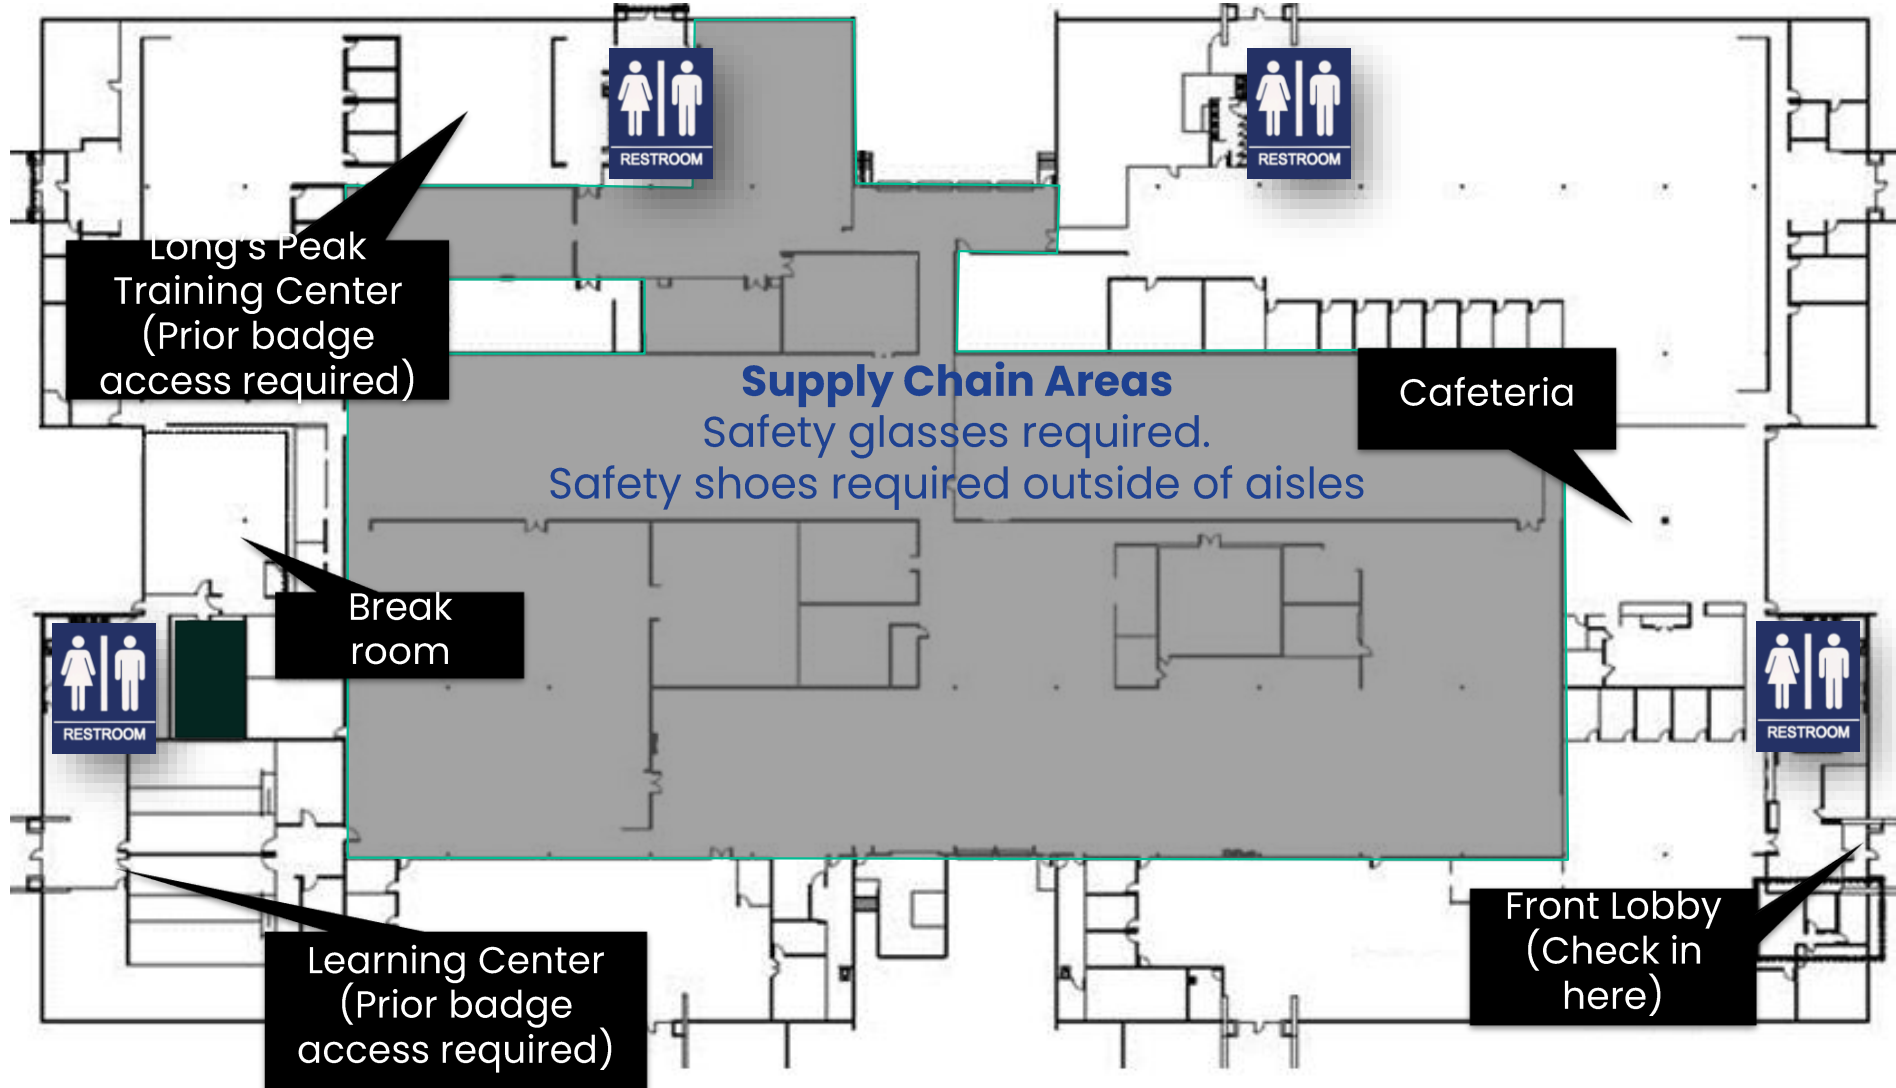

PRIMARY EMERGENCY ASSEMBLY AREAS

1. Southwest Office Area and Visitors
2. Northeast and Northwest office areas (includes the ELC)
3. Supply Chain in the High-Bay Area
4. Southeast Offices (Technology)

S = Designated Smoking Areas
