

Nexus Controls Technical Training Offerings Courses

With over 50 years of technical training experience Nexus Controls (NC) has unbeatable track record empowering customers through technical courses. Nexus Controls offers a wide range of technical training courses ranging from Turbine Controls, Electrical controls, HMI, and Cyber Security trainings. Our techniques have received great recognitions from major clients in over 70 countries with more than 10 languages for training activities conducted onsite, at NC training Facilities or on-line/Remote. With Nexus Controls, clients are confident their teams are staying up to date with the latest technologies.

Instrumentation & Control Training

A variety of courses offering in-depth knowledge of different plant control and measurement systems. With strong focus on troubleshooting and maintenance techniques, these courses are excellent fit for instrumentation, maintenance, and control professionals.

- Mark VI/e Control Systems
- Cyber Security Solutions
- EX2100/e Excitation Control System
- Generator Protection Panel
- Compressor Controls
- Nexus OnCore Control Systems

Operators Technical Training

Courses offered to enhance operators' competence which directly reflects plant availability and reliability. Several courses are offered to operators at different levels for a variety of applications

- DCS/BOP operations using the Mark VIe or Nexus Control Platforms
- Gas/Steam Turbine Control System
- Compressor controls
- Historian & HMI operation
- Excitation Control and Generator Protection
- Gas/Steam Turbine operation fundamentals

Remote Learning courses

Remote training service connects your staff with our industry leading instructors without the need for expensive travel. Gain remote access to our virtual classroom in our instructor led skill development courses

Skills Development Programs

Long-term specialized training programs related to control systems engineering and maintenance. These programs accelerate the development of customer talent pool through a combination of classroom, practical and onsite on-job-training for maximum return on training investment.

Confirm your registration in two or more classes and receive up to 10% discount on package registrations*.

Group registrations of Four or more delegates can receive up to 15% discount on course fees*.

Remote Training with 15% Discount on Course fees*.

Customers with active LTSA agreement are eligible for 10% discount*.
